The Daily Dose newsletter is made possible thanks to the support of SmartPak! SmartPak was inspired by its founder's horse Westley. His story informed the necessity of proper supplement feeding and led the company to create the SmartPak supplement feeding system. Since its beginnings, the company has taken pride in the saying "we get you, because we are you" because the company is filled with riders, just like you, who come to work everyday inspired by their own horses and the horses of its customers. SmartPak continues to drive innovation to bring solutions that help keep your horse happy and healthy despite the stresses that modern horsekeeping can bring. The stresses and health risks that today's horses face are not the result of bad management - they're unavoidable parts of modern horsekeeping. That's why SmartPak believes that supplements are part of good horsemanship, and every horse deserves support from the right supplements to help him look and feel his best. SmartPaks were the idea that started it all, and all these years later, they're still the smartest way to feed your horse's supplements. SmartPaks are easier for you as a horse owner, and better for your horse. SmartPaks help simplify your life because they are custom-made, pre-measured, sealed, and labeled daily doses of your horse's supplements. ## FEATURED MEMORY

*Do you have your own PNHS memory to share? Email it to Emily at [emily@randolph-pr.com](mailto:emily@randolph-pr.com) to be featured here in the Daily Dose!*

**Nina Shaffer** - "It was a tremendous honor to be the winner of the 2015 inaugural costume leadline class at Harrisburg. Eighteen years after I myself wore the angel costume aboard my pony Rosstar Superboy, I led a young student, Sarah Jackson, to win the class. Carson Kressley, the judge, couldn't stop laughing. The Chronicle of the Horse published a wonderful article about our story. Today, the cover with preview, "The Angel of Christmas Past Visits Harrisburg" article is a fixture in my home office. Leadline is the future of our sport. We need to keep bringing new faces into our sport and make this class a priority, so I am happy it returns this year. I am extremely excited to see the future stars of the PA National Horse Show enter under the lights just before the Grand Prix de Penn National. Among them will be my niece, Hadley Brewer. This class is a big deal for so many of us. We are ecstatic for her to be able to compete under the lights again for the first time since 2019. It's a family tradition. Wishing all competitors safe travels and much success for this year's horse show!"
